

**DETERMINATION OF EQUIVALENCY
FOR
NON-REGUALTED HEALTH PROFESSIONAL APPLICANTS
for Master of Health Management (MHM) Program**

Applying to: Part-time Full-time

Name of Applicant:

Professional Background:

Applicants who do not have a regulated health professional designation will be considered if:

1. You have a four-year bachelor degree; and
2. You have a minimum 12 months working experience within the healthcare system:
 - a) as a healthcare professional OR;
 - b) with supervisory experience of regulated health professionals.

Additional documentation is required for applicants who are not regulated health professionals who meet the criteria listed above. Applicants must outline their educational and work experience and provide a clear rationale as to how they have prepared you to achieve the following **core competencies** for the Master of Health Management Program:

- **Awareness of the political and healthcare environments**
- **Organizational behaviour and human resources management**
- **Financial management**
- **Research awareness**
- **Leadership**

Evidence of these competencies must be demonstrated in a maximum one-page written application using this template.

Written Application for Non-regulated Health Professionals

Please describe:

- a) How your educational background and work experience have prepared you to meet each of the core competencies listed above for the Master of Health Management Program.

Formatting Criteria: A maximum, one-page, double-spaced, font type no smaller than 10 Arial with 2.5 cm (1 inch) margins
