| 1:30 – 2:30 p.m. | **Campus tours:** (select one tour):  
| Location: McMaster University campus | Nature walk: Participate in a guided hike through Cootes Paradise that includes beautiful scenery, the history of nature around McMaster and how the Indigenous people came to realize the wonders of different plant species as medicine. (Family friendly)  
| 1280 Main Street West, Hamilton, ON | W.J. McCallion Planetarium: Enjoy a live interactive experience to explore the earth and its relationship to the solar system and the rest of the universe including dominant constellations, the North star as well as a tour of the planets. (Not recommended for children under 6)  
|               | McMaster Health Forum: Learn how the McMaster Health Forum supports the strengthening of health by generating action on pressing health and social system issues based on research evidence, citizen values and stakeholder insights. (No children)  
|               | **LIVElab (Large Interactive Virtual Environment) lab:** Enjoy an interactive experience that explores the study of music, sound and movement and their importance in human development and health. (Not recommended for children under 8)  
|               | **Michael G. DeGroote Centre for Learning and Discovery:** An undergraduate medical education student will guide you through this impressive state-of-the-art facility that houses innovative health sciences academic and research programs including the Michael G. DeGroote School of Medicine as well as cutting-edge research institutes. (Family friendly)  
|               | **Health Sciences Library:** Tour the Health Sciences Library to discover how it plays a central role in supporting health research and promoting student learning. Extensively renovated in 2007, the library provides inviting collaborative learning spaces and world-class digital collections. (Family friendly)  
|               | **Anatomy lab:** This workshop will focus on new tools and techniques required to develop learning material in extended reality and showcase mixed reality, augmented reality and virtual reality applications developed and tested in the Education Program in Anatomy at McMaster. (No children)  
| 2:30 – 2:45 p.m. | Break/travel time                                                                  |
| 2:45 – 3:45 p.m. | **Campus tours:** (select one tour):  
|               | Nature walk: Participate in a guided hike through Cootes Paradise that includes beautiful scenery, the history of nature around McMaster and how the Indigenous people came to realize the wonders of different plant species as medicine. (Family friendly)  
|               | McMaster Museum of Art: Celebrate our gallery with this wonderful tour of impressionist and post-impressionist paintings including the Levy collection and McMaster’s collection, including Monet and Van Gogh. (Family friendly)  
|               | David Braley Athletic Centre: Visit McMaster’s sports facility where students, faculty, staff and members of the community benefit from a world-class sports rehabilitation centre, an indoor rock climbing wall, Olympic weightlifting equipment, a 200-metre indoor track and many other athletic and wellness opportunities. (Family friendly)  
|               | **LIVElab (Large Interactive Virtual Environment) lab:** Enjoy an interactive experience that explores the study of music, sound and movement and their importance in human development and health. (Not recommended for children under 8)

**Accreditation Statement:**
McMaster University, Continuing Health Sciences Education Program (CHSE) is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME) to provide CFPC Mainpro+ and RCPSC Maintenance of Certification (MOC) study credits for Continuing Medical Education.

This one-credit-per-hour Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the McMaster University Continuing Health Sciences Program for up to 2.25 Mainpro+ credits.

This activity is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification program of The Royal

**The American Medical Association:**
Through an agreement between the Royal College of Physicians and Surgeons of Canada and the American Medical Association, physicians may convert Royal College MOC credits to AMA PRA Category 1 Credits™. Information on the process to convert Royal College MOC credit to AMA credit can be found at www.ama-assn.org/go/internationalcme.

Each healthcare provider should claim only those hours of credit that he/she actually spent in the educational activity.

This program has received an educational grant or in-kind support from MD Financial Management.
