Turkish Society of Internal Medicine

Dear Colleagues,

It is with great pleasure that we invite you to attend the 9th McMaster International Review Course in Internal Medicine (MIRCIM) on 9–11 May 2024 in Kraków, Poland.

MIRCIM is a joint educational initiative of McMaster University's Department of Medicine –the birthplace of evidence-based medicine (EBM) and problem-based learning (PBL)– and the Polish Institute for Evidence Based Medicine. It is organized in collaboration with the European Federation of Internal Medicine, International Society of Internal Medicine, Jagiellonian University Medical College and Centre of Postgraduate Medical Education (Warsaw), in partnership with over 40 national societies of internal medicine from around the world.

The three-day course will be filled with information-packed lectures delivered by an outstanding lineup of speakers who are world-renowned experts in their fields, authors of clinical practice guidelines and researchers behind breakthrough trials that shape the modern standards in medicine.

Our aim is to present up-to-date reliable knowledge that is useful to general internists, subspecialists, hospitalists, family physicians, residents and fellows in training specializing in internal medicine.

The lectures will be delivered on 10 and 11 May (Friday and Saturday). On 9 May (Thursday), participants can attend the special session Clinical Cases in Internal Medicine: Learning Through Practice (part of the Best Case Report Contest) and choose from a number of hands-on clinical workshops. Participants interested in the methodology of teaching medicine will be welcome to attend the satellite session Medical Education Forum (MEF).

MIRCIM 2024 will bring together the best that a hybrid event can offer: the opportunity to interact in person with colleagues from around the world and the convenience of attending the event online.

The main venue of MIRCIM is the ICE Krakow Congress Centre, located conveniently in the city center and close to Kraków's famous tourist attractions. The time spent in Kraków during the course will offer a myriad of opportunities to experience the rich cultural life and remarkable heritage that the city boasts.

We look forward to seeing you in Kraków in May 2024.

Day 1

Thursday, May 9, 2024

Conference Centre Faculty of Medicine

Jagiellonian University Medical College

ul. św. Łazarza 16, 31-530 Kraków

Session A: Clinical Cases in Internal Medicine: Learning Through Practice

During this session 20 selected case reports submitted to the Best Case Report Contest will be presented by the authors and discussed by world-renowned experts.

Session B: Medical Education Forum

8 presentations with Q&As and panel discussions

Workshops

Cardiac arrest management

Dr. Grzegorz Cebula (Poland)

Choosing the right anticoagulant for your patient with comorbidities: VKA, DOAC, or heparin?

Prof. James Douketis (Canada)

Managing anticoagulant-related bleeding: What to do before, during, and after the bleed

Prof. James Douketis (Canada)

Fluids, electrolytes, and acid-base:

Tying it all together

Prof. Simon Oczkowski (Canada)

Modern treatment of type 2 diabetes:

How to choose the best drug regimen for every patient today?

Prof. Leszek Czupryniak (Poland)

How to read a chest X-ray:

A primer for nonradiologists

Prof. Julian Dobranowski (Canada)

Compression ultrasonography for diagnosing deep vein thrombosis

Dr. Marzena Frolow (Poland)

Point-of-care rheumatology ultrasonography (POCRUS): A scenario-based workshop

Prof. Bhaskar Dasgupta (UK)

How to avoid being misled by the reporting of clinical trials

Prof. Roman Jaeschke (Canada)

Practical skills for teaching and giving feedback at the bedside: The 5-minute and 10-minute bedside moments

Prof. Maja Artandi (USA)

Day 2

Friday, May 10, 2024

ICE Kraków Congress Centre

ul. Marii Konopnickiej 17, 30-302 Kraków

Welcome and introduction

Organizing Committee

Opening lecture: Artificial intelligence in medicine:

Where we are now and what future may bring

Prof. Dan Perri (Canada)

Session I: Current management of arterial hypertension

Session under the auspices of the European Society of Hypertension

Chairs: Prof. Guido Grassi (Italy), Prof. Andrzej Januszewicz (Poland)

Thresholds for initiation of antihypertensive treatment and targets for the treatment

Prof. Giuseppe Mancia (Italy)

General recommendations for drug treatment in hypertension

Prof. Reinhold Kreutz (Germany)

Perioperative management of hypertension and hypertensive emergencies

Prof. Lorenza Maria Muiesan (Italy)

Management of hypertension in patients with cardiac diseases

Prof. Konstantinos Tsioufis (Greece)

Questions & Answers

All speakers

Session II: Cardiology and Hematology

Acute coronary syndromes management: 2024 update

Prof. Vijay Kunadian (UK)

Antithrombotic treatment: 2024 update

Prof. James Douketis (Canada)

Hypereosinophilia: A practical approach for internists

Prof. Florence Roufosse (Belgium)

Questions & Answers

All speakers

Session III: ISIM Session: Rheumatology and Nephrology

Chair: Prof. Virginia Hood (USA)

Sharpening rheumatological diagnoses with point-of-care rheumatology ultrasonography (POCRUS)

Prof. Bhaskar Dasgupta (UK)

Treating osteoarthritis: What works and what doesn't work

Prof. Sharon L. Kolasinski (USA)

Inflammatory rheumatic disease: When to search for malignancy

Prof. Kim Legault (Canada)

Nephrology update 2024

Prof. Jürgen Floege (Germany)

Questions & Answers

All speakers

Session IV: EFIM Session: The Multimorbid Patient

Chair: EFIM Multimorbidity Working Group

Prescription appropriateness: A case-based practical tool

Prof. Jan Václavík (Czech Republic)

Frequent clinical scenarios for deprescribing in elderly patients with multimorbidity

Prof. Annette Kürrle (Germany)

Managing osteoporosis in patients with comorbidities

Prof. Alexandra Papaioannou (Canada)

Questions & Answers

All speakers

Social event – concert

ICE Kraków Congress Centre

ul. Marii Konopnickiej 17, 30-302 Kraków

Kevin Kenner

and Vienna Morphing Soloists

Friday, May 10, 2024 (7:30 PM)

All MIRCIM participants are invited to attend a special concert of the award-winning American pianist

Kevin Kenner. Tickets: €20.

This event is not financed by INFARMA member companies.

Since his victory at the XII International Chopin Piano Competition in Warsaw, pianist Kevin Kenner has received critical acclaim for his performances on the concert stage and for his extensive discography.

He currently serves on the faculty at the University of Miami's Frost School of Music and has recently performed in Europe, North America, and Asia. He also is the Artistic Director and Founder of the Frost Chopin Academy, an annual summer academy that connects talented students of Chopin's music in direct contact with some of the world's most respected Chopin specialists.

The concert prepared for our conference guests will be played by the artist, accompanied by outstanding musicians from the Vienna Morphing Soloists formation. This cosmopolitan ensemble, based in Vienna, Austria, has over the past decade become a trusted chamber music partner of internationally acclaimed artists and institutions. Opera stars Roberto Alagna, Aleksandra Kurzak and Andreas Scholl, American jazz icon Bobby McFerrin, composer Arvo Pärt, the Metropolitan Opera in New York and the Sony Classical label: they have all chosen to work with the Vienna Morphing Orchestra.

Day 3

Saturday, May 11, 2024

ICE Kraków Congress Centre

ul. Marii Konopnickiej 17, 30-302 Kraków

Opening lecture: Medical cannabis 2024 update:

Benefits and dangers

Prof. Kevin Hill (USA)

Session V: Gastroenterology

Managing gastroesophageal reflux disease:

The state of the art

Prof. Paul Moayyedi (Canada)

Functional abdominal pain: How to diagnose and treat

To be announced

Prevention and management of bleeding and thrombosis in patients with liver disease

To be announced

Current management of chronic pancreatitis

Prof. Marianna Arvanitakis (Belgium)

Questions & Answers

All speakers

Session VI: Endocrinology and Diabetology

Chair: Dr. Adri Kok (South Africa)

Young-onset diabetes in adults: How to diagnose and treat

Prof. Leszek Czupryniak (Poland)

Assessment and treatment of diabetic emergencies

Prof. René Rodríguez-Gutiérrez (Mexico)

Hyponatremia: An approach to diagnosis and management

Prof. Ally Prebtani (Canada)

Questions & Answers

All speakers

Young Talents in Internal Medicine:

Best Case Report Contest – Award Ceremony

Session VII: Pulmonology and Intensive Care

Acute dyspnea: Emergency management

Prof. Simon Oczkowski (Canada)

Asthma exacerbations management

Prof. Paul O'Byrne (Canada)

Sepsis management: Practical tips for nonintensivists

Prof. Bram Rochweg (Canada)

Anaphylaxis and other life-threatening allergic emergencies: Current management

Prof. Derek Chu (Canada)

Questions & Answers

All speakers

Session VIII: Infectious Diseases

Endocarditis: Current management according to the latest practice guidelines

Prof. Margarita Brida (Croatia)

Current challenges in infectious diseases:

What a nonspecialist should know

Prof. Zain Chagla (Canada)

Signs and symptoms of tropical infections as clues for the diagnosis in the returned traveler

To be announced

Unravelling travel vaccination

Prof. Somia Iqtadar (Pakistan)

Questions & Answers

All speakers

Target audience

General internists, subspecialists, hospitalists, family physicians, residents, and fellows in training specializing in internal medicine

Venue

Conference Centre Faculty of Medicine
Jagiellonian University Medical College
ul. Św. Łazarza 16, Kraków (9 May)

ICE Kraków Congress Centre
ul. Marii Konopnickiej 17, Kraków (10–11 May)
